See example below. DO NOT INCLUDE ANY LEADING ALPHA CHARACTERS! Resource for code language - <https://codes.iccsafe.org/public/collections/I-Codes>

408.4

---

## Is this an Appendix Chapter? \*

Yes

No

## If yes, which appendix?

Allowing Alpha Characters

---

## Code Section Example

### ~~101.1~~ Title.

These provisions shall be known as the *Residential Code for One- and Two-family Dwellings* of **[NAME OF JURISDICTION]**, and shall be cited as such and will be referred to herein as “this code.”

### ~~101.2~~ Scope.

The provisions of the *International Residential Code for One- and Two-family Dwellings* shall apply to the construction, *alteration*, movement, enlargement, replacement, repair, *equipment*, use and occupancy, location, removal and demolition of detached one- and two-family dwellings and *townhouses* not more than three stories above *grade plane* in height with a separate means of egress and their *accessory structures* not more than three stories above *grade plane* in height.

## Type of proposal \*

Amend - Edit current section - change words | Delete - Remove section | Insert - Add text to existing section

### Existing Text \*

Full text as it is printed in the Code. Book Resource for code language -

<https://codes.iccsafe.org/public/collections/I-Codes>

---

### Proposed Text \*

---

## Delete

This text is being proposed to be struck from the adopted code.

### Existing Text to be struck \*

Resource for code language - <https://codes.iccsafe.org/public/collections/I-Codes>

---

## Insert

This text is being proposed to be added to the 2018 International Code for adoption by local municipalities.

Provide your new proposed code to be added to the existing code as cited above. \*

Modify the section by adding the following exception.

Exception: In a residential dwelling unit where a 2-inch waste pipe is not readily and approval for the Authority Having Jurisdiction has been granted, the waste outlet, fixture tailpiece, trap and trap arm may be 1 ½ inch when an existing tub is being replaced by a shower sized per Section 408.6(2). This exception only applies where one shower head rated at 2.5 gpm is installed

---

## Justification for Proposal

Provide reason to support your proposal based on the safety impact, enforceability, cost effectiveness, or unique location conditions

### Justification \*

This Exception allows the use of a 1 1/2" existing drain in a retro fit tub to a shower installation in only private residences with the approval of the AHJ when extensive modification would be required to connect to a 2" drain. Typically this would be for a location as to a 2nd floor or a finished basement where it would be difficult of connect to a 2" drain.
