313.2

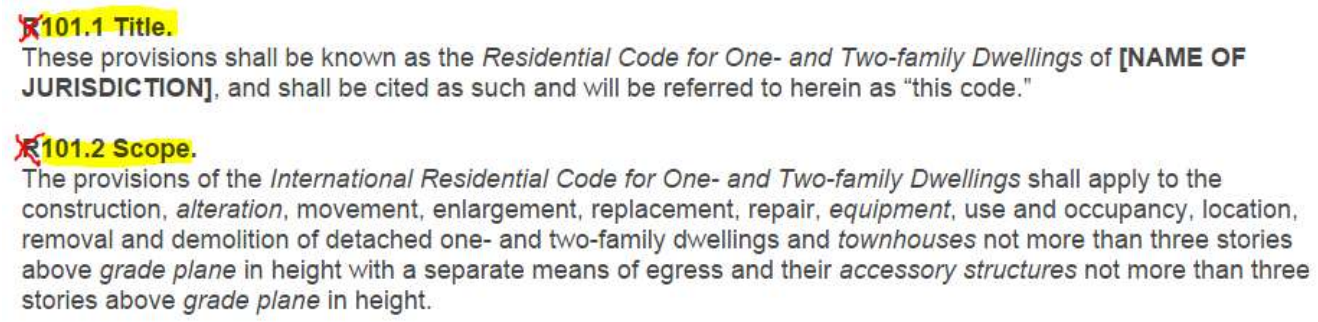
Is this an Appendix Chapter? *

- ○ Yes
- ◉ No

If yes, which appendix?

Allowing Alpha Characters

Code Section Example



R101.1 Title.
These provisions shall be known as the *Residential Code for One- and Two-family Dwellings* of **[NAME OF JURISDICTION]**, and shall be cited as such and will be referred to herein as "this code."

R101.2 Scope.
The provisions of the *International Residential Code for One- and Two-family Dwellings* shall apply to the construction, *alteration*, movement, enlargement, replacement, repair, *equipment*, use and occupancy, location, removal and demolition of detached one- and two-family dwellings and *townhouses* not more than three stories above *grade plane* in height with a separate means of egress and their *accessory structures* not more than three stories above *grade plane* in height.

Type of proposal *

Amend - Edit current section - change words | Delete - Remove section | Insert - Add text to existing section

- (●) Modification
- ( ) Deletion
- ( ) Addition

Does this proposal impact other codes? *

- ( ) Yes
- (●) No

If yes, indicate which code and code section?

_____

Does this proposal relate to a previously accepted CICC amendment? *

- (●) Yes
- ( ) No

If yes, which previously accepted CICC amendment?

313.2

Modification

Existing Text *

Full text as it is printed in the Code. Book Resource for code language - https://codes.iccsafe.org/public/collections/I-Codes

313.2 One- and two-family dwelling automatic fire sprinkler systems. An automatic residential fire sprinkler system shall be installed in one- and two-family dwellings.
Exceptions:
1. An automatic residential fire sprinkler system shall not be required where additions or alterations are made to existing buildings that are not already provided with an automatic residential fire sprinkler system.
2. One-and two-family dwellings containing less than eight thousand (8,000) square feet of floor space, excluding attached garages and other unenclosed areas.

Proposed Text *

313.2 One- and two-family dwelling automatic fire sprinkler systems. An automatic residential fire sprinkler system shall be installed in one- and two-family dwellings.
Exceptions:
1. An automatic residential fire sprinkler system shall not be required where additions or alterations are made to existing buildings that are not already provided with an automatic residential fire sprinkler system.
2. One-family dwellings containing less than six thousand (6,000) square feet of floor space, excluding attached garages and other unenclosed areas.

Deletion

This text is being proposed to be struck from the adopted code.

Existing Text to be struck *

Resource for code language - https://codes.iccsafe.org/public/collections/I-Codes

Addition

This text is being proposed to be added to the 2018 International Code for adoption by local municipalities.

Provide your new proposed code to be added to the existing code as cited above. *

Justification for Proposal

Provide reason to support your proposal based on the safety impact, enfforceability, cost effectiveness, or unique location conditions

Justification *

78% of all fire fatalities occur in the home. Residential fire sprinklers are the single most effective tool to combat this issue. This proposal reduces the square foot limit to 6,000 sq ft for single family dwellings and requires all two-family dwellings to be protected by fire sprinklers.
