TENTATIVE AGENDA

1. Call to order
2. Roll call
3. Agenda approval
4. Approve the minutes from the December 19, 2018 meeting
5. Presentation by Jennifer Hart (Iowa Department of Public Health) regarding the state adopted mechanical, plumbing and fuel gas codes
6. Discuss appointments to the code committees
 - a. One vacancy remains on pool/spa/PM code
7. Consider a proposal to allow the IRC to consider changing language in Chapter 1 as it relates to scoping provisions (tabled from the 12/19/18 meeting)

The residential committee inquired about changing the scoping requirements as it relates to day cares and other home occupancies (section R101.2 Scoping). This would clean up the provisions for the IRC. The committee adopted the change and sent it to the Executive Committee to see if we concurred. The number of children and their ages were taken directly from the Department of Human Services (DHS) guidelines. Cities would still require a limit of 8 for unlicensed day cares.

It was noted the committee is not debating the merit of the proposals and that this issue should also be reviewed by the IBC. This action would grandfather the existing language and new day cares would be allowed up to 8. If we don't pass it, the number will be 5, which is inconsistent with DHS requirements. It was questioned why the committee wants to change the scope.

Moved by Pardekooper, seconded by Rash to table the discussion and have the scoping provisions, as approved by the IRC, be provided to the Executive Committee for further review

8. Update on the request by the IBC/IEBC Committee directing the Committee Chair to create a Subcommittee involving various stakeholders to review a proposal to amend 2018 IBC Section 503 adding a new section 503.1.5 Type V construction.

9. Discuss the CSST issue and the conflict between the IRC and IMC/IFGC/Plumb committee. The IMC/IFGC/Plumb committee has reviewed the issue and the IRC is going to review it. It was suggested that this issue should not be addressed by both committees and questioned which committee action has precedence.
